

KLOVE is an amazing station. They are the only true FAMILY station on the radio here in Colorado. I dont know how many times their music and personalities on the station have helped me in my time of crissis. They have taught me to lean on GOD more than leaning on myself. God has his plan for me and it will come to be regardless of what I want or dont want. I am a supporter and pledge supporter. I have been for 2 years. I have it plaing all day long at work. It keeps me positive all day long and when I am driveing it helps me think about others and there lives as well as my own. I dont know what I would do with out this station to uplift me daily. My son who is 3 always wants to listen to KLOVE. This station is teaching him along with what I teach at home. It is a wonderful station that has touched so many lives and continues to do so on a daily basis. Please Keep KLOVE on the air for all of US.
